Dear Host site

The 'You Are Here.....' Program is virtually a county wide photographic installation, presented by the Hennepin History Museum which examines a broad spectrum of historic 'moments' from Hennepin County's past. Isolated, and captured by the photographers lens the poignant streetscapes, rich architecture, and vivid images of traffic and people establish a connection to our past and perhaps a clearer understanding of the present. The programs identifying symbol is the Angel Gabriel, the Hennepin History Museum logo, which is adapted from the weathervane that once graced the rooftop of the historic Winslow House hotel in St. Anthony. The original weathervane is part of the Hennepin History Museum permanent collections and is currently on loan for exhibition at the Minneapolis Institute of Art. During this sesquicentennial year Please join the City of Minneapolis and the Hennepin History Museum as we celebrate the occasion, by Hosting a 'You Are Here.....' historic photo installation at your location. Wherever you are, watch for the image of the blue angel and experience a 'historic' moment.
